The within list is compiled principally from advertisements and official reports. Further information as to each case will be furnished for a fee of $1.00, or $5.00 where the amount is stated to be $500 or over. This information will in general be the date and a copy of the advertisement, or so much thereof as relates to the particular name or else a reference to the report and the name of the person, corporation or state holding the property, usually the approximate date at which it was reported unclaimed, the city or county where left by the owner and frequently other particulars. The right is reserved to refuse information in certain cases that we may have under investigation, in which event the fee will be refunded. The majority of these accounts are in New England. Nos. 5290-5375 and 6572-6600 and a few others are escheated estates which will probably require an act of legislature to secure or proof by an alien, insane, or minor heir. In many instances we are in a position to assist the owners or their heirs in securing their property. Letters of inquiry should give full particulars and inclose stamp for reply.

The abbreviations tr. for trustee, treas. for treasurer, secy. for secretary, gdn. for guardian, adm. for administrator, exor. for executor usually indicate that the money is held for the benefit of persons other than those named in the list. Adv. indicates an advertisement that the person named may learn of something to his advantage by communicating with the advertiser.

It has been impracticable to verify all advertisements and reports. Doubtless there are some errors and in some instances the money has since been claimed. We shall be grateful for any corrections or information as to the claiming of any of the within sums, and also for information as to other unclaimed sums of money of material amount.
